

Katie Myers
Bay-Arenac Community High School, School
Counselor

My 5 years as a School Counselor have been in Alternative Education. I am very passionate about working with at-risk students and guiding them down the path of success. I have a strong interest in Trauma-Informed Schools and Mindfulness in Alternative Education. I am excited to serve on the MAEO board so that I can network with others in the Alt. Ed field, learn about new and upcoming programs, and to expand my knowledge on educating at-risk students.
