Pathway2Careers Math + Career Navigation

We answer the most asked question: When will I ever use this?

SOLUTIONS OVERVIEW

We deliver comprehensive career-connected learning solutions to schools and districts, backed by industry-leading research and technical services that help to remove obstacles to implementation, narrowing the achievement gap.

Coaching and Innovation Resources: To ensure that you get the most out of your strategic plans, our coaching creates personalized plans to deliver a comprehensive career readiness programs designed to fit your needs.

Professional Development: PD courses are designed to support decision-making at a policy level and enhance student outcomes by understanding the connection between skill attainment and workplace success. Professional development service include but are not limited to:

- NS4ed Professional Development **Education Consultants** to facilitate site-specific in-person learning opportunities and follow-up sessions to ensure educators are equipped with the pedagogical and P2C tools needed to improve student outcomes;
- The NS4ed **Online Learning Library**, allowing educators to access flexible, on-demand courses designed to improve teacher effectiveness; and
- NS4ed's **Train-the-Trainer** process, which culminates with the P2C Certified Educator Badge. The completion of this process allows teachers to demonstrate expertise in P2C curricula and distinguish themselves as P2C experts in their learning communities.

Pathway2Careers Math + Career Navigation: P2C helps learners and educators make daily connections between classroom activities and career pathways.

The career-connected program includes:

- A customized **Labor Market Navigator** designed for educators to access clear insight into local, high-value career opportunities for their students and CTE Programs.
- Comprehensive **math curricula** for Pre-Algebra, Algebra I, Geometry and Algebra II featuring more than 650 careers designed to answer the question: “When will I ever use this?”
- Problem-based learning projects featuring IT careers and Quantile® Framework assessments for Beginning-, Middle-, and End-of-Year.
- **Career exploration curriculum** with a guided approach for grades 6-12 allowing educators to support students
- **Career exploration assessments** allow learners to use both personal and external factors for informed career decisions.

OUR COMMITMENT

Through our commitment to drive results, our partnerships have led us to building comprehensive career and college education solutions.
