

Sarah is in her 2nd year at Calhoun Community High School as their graduation coach and MAEO STARS Advisor. This is her 7th year in alternative education. Sarah is also the MAEO Conference Chair. Sarah joined the board to help reach out and promote the positive things alternative education offers to the many alternative students. Sarah is very passionate about MAEO's STARS program and assists with events when possible. Sarah is looking forward to serving a bigger role on this year's board as their President. She loves to quote Dr. Seuss in saying "Unless someone like you cares a whole awful lot, nothing is going to get better. It's not."
