

After 12 years of providing School Social Work services in varying capacities (Charter, Public, ISD / RESD and Alternative settings, K-12+), I am thrilled to be a member of the MAEO Board. It's never too late to find your passion and be successful...this is what I try to instill in the students I work with and support. After completing my BS at Central Michigan University (2006) I gained my MSW at the University of Michigan (2009) while having the opportunity to be a stay-at-home-mom. Since completing these degrees, I drive to advocate for students in multiple settings and am hopeful that that skill in this area will support my endeavors in advocating for Alternative Education.
